WORK EXPERIENCE

Front End Web Developer | HOTB Software   2019 - Present
- Building a SaaS platform that empowers busy professionals in the healthcare industry to manage compliance and accreditation with ease
- Create dynamic UIs with **React** and **Redux** with a focus on clean code, consistent quality, and continuous improvement
- Collaborate with in-house UI/UX designer and **Figma** to build user-friendly flows, applying custom **CSS, Sass** styles, and **Bootstrap 4**
- Develop endpoints using **Node, Knex, PostgreSQL** and tested with **Mocha, Chai, SuperTest** for confidence in expected CRUD functionality
- Integrate **LogRocket API** to capture the DOM and session replays, quickly reproduce and squash bugs and errors
- Add reusable components to **Storybook** to speed up development
- Co-developed a standalone marketing page with React and the **Emotion CSS-in-JS** package to quickly meet immediate deadline
- Design suite of HTML email templates with dynamic data, consistent branding, and responsiveness that are sent via **AWS SES**
- Conduct workflow using **Agile** methodology, manage tickets with **JIRA**, and utilize **Git/Bitbucket** version control
- Independently research and analyze technical solutions followed by written and oral communication of findings

Digital Marketing Specialist | Spectrum Brands HHI   2015 - 2019
- Supported the PfisterFaucets.com website redesign via digital asset preparation, product data audits, user acceptance testing, and SEO
- Applied HTML/CSS to assemble landing pages in Sitefinity CMS

PERSONAL PROJECT

Dozen's Bakery - Live | GitHub   2019
- A full stack React and Node shopping cart app deployed with AWS EC2
- Constructed all components using React and HTML/CSS with Bootstrap 4 for responsive and fluid user interface
- Developed backend with Node and a MySQL database that dynamically returns product and order data to the client via Fetch API/JSON

EDUCATION

Northwestern University | B.A. in Communication Studies and Psychology
LearningFuze | Accelerated Web Development Program | 800+ hours
